CYTODYN, INC.

PROXY STATEMENT FOR THE 2006
ANNUAL MEETING OF SHAREHOLDERS
APRIL 15, 2007

INFORMATION CONCERNING SOLICITATION AND VOTING

General

The enclosed Proxy Statement is solicited on behalf of the Board of Directors of CytoDyn, Inc., for use at the Annual Meeting of Shareholders to be held Sunday April 15, 2007 at 10:00 a.m., local time, or at any postponement or adjournment thereof (the "Annual Meeting"), for the purposes set forth herein and in the accompanying Notice of Annual Meeting. The Annual Meeting will be held at the Albuquerque Marriott Pyramid North, 5151 San Francisco Road NE, Albuquerque, NM 87109. The telephone number at that location is 505-821-3333.

Record Date and Principal Share Ownership

Holders of Shares of our common stock of record at the close of business on February 15, 2007 (the "Record Date") are entitled to notice of and to vote at the Annual Meeting. The Shares of our common stock are our only class of voting securities. As of the Record Date, approximately 11,297,264 Shares of our common stock were issued and outstanding and held of record by approximately 385 Shareholders.

Revocability of Proxies

Shareholders who execute proxies retain the right to revoke them at any

time before they are voted. Any Proxy Statement given by a Shareholder may be revoked or superseded by executing a later dated Proxy Statement, by giving notice of revocation to Secretary, CytoDyn, Inc., 227 E Palace, Suite M, Santa Fe, New Mexico 87501 in writing prior to or at the Annual Meeting or by attending the Meeting and voting in person.

Shareholders Sharing the Same Last Name and Address

In accordance with notices we sent to certain Shareholders, we are sending only one copy of our Annual Report and Proxy Statement to Shareholders who share the same last name and address, unless they have notified us that they want to continue receiving multiple copies. This practice, known as "householding," is designed to reduce duplicate mailings and save significant printing and postage costs as well as natural resources.

If you received a householded mailing this year and you would like to have additional copies of Annual Report and/or Proxy Statement mailed to you or you would like to opt out of this practice for future mailings, please submit your request to Secretary, CytoDyn, Inc., 227 E. Palace Ave, Suite M, Santa Fe, NM 87501.

Voting and Solicitation

Each Shareholder is entitled to one vote for each Share held as of the Record Date. Shareholders will not be entitled to cumulate their votes in the election of Directors.

The cost of soliciting proxies will be borne by us. We expect to reimburse brokerage firms and other persons representing beneficial owners of Shares for their expenses in forwarding solicitation material to such beneficial owners. Proxies may also be solicited by our directors, officers, and regular employees, without additional compensation, personally or by telephone or facsimile.

Quorum; Abstentions; Broker Non-votes

Votes cast by Proxy or in person at the Annual Meeting will be tabulated by the Inspector of Elections appointed for the Annual Meeting who will determine whether or not a quorum is present.

The required quorum for the transaction of business at the Annual Meeting is a majority of the votes eligible to be cast by holders of Shares of our common stock issued and outstanding on the Record Date. Shares that are voted "FOR," "AGAINST" or "WITHHELD FROM" a matter are treated as being present at the meeting for purposes of establishing a quorum and are also treated as Shares entitled to vote at the Annual Meeting with respect to such matter.

Abstentions and broker non-votes are each included in the determination of the number of Shares present and voting for the purpose of determining whether a quorum is present. Broker non-votes occur when Shares held by a broker for a beneficial owner are not voted with respect to a particular proposal because (1) the broker does not receive voting instructions from the beneficial owner, and (2) the broker lacks discretionary authority to vote the Shares.

Abstentions will be treated as Shares present and entitled to vote for purposes of any matter requiring the affirmative vote of a majority or other proportion of the Shares present and entitled to vote. Accordingly, abstentions will have the same effect as a vote against the proposal. With respect to Shares relating to any Proxy Statement as to which a broker non-vote is indicated on a proposal, those Shares will not be considered present and entitled to vote with respect to any such proposal. Thus, a broker non-vote will not affect the outcome of the voting on a proposal. Abstentions or broker non-votes or other failures to vote will have no effect in the election of Directors, who will be elected by a plurality of the affirmative votes cast.

Any Proxy Statement which is returned using the form of Proxy Statement enclosed and which is not marked as to a particular item will be voted for the election of Five (5) Board of Directors to serve a 1 year term until the next Annual Meeting, for the ratification of the appointment of Pender Newkirk & Company, LLP as auditors for the year ending May 31, 2007, for the approval of the terms of a private placement of \$3.25 million for 6.5 million shares of our Common Stock at a price of \$.50 per share and the terms of our agreement with placement agent Capital Growth Resources for this private placement, for amending the 2005 Stock Incentive Plan by increasing the number of Shares available for grant by one million (1,000,000) in order to attract and retain key personnel, and to transact such other business as may properly come before the Meeting or any adjournment thereof and as the Proxy holders deem advisable on other matters that may come before the Annual Meeting, as the case may be,

with respect to the items not marked.

Other Business; Shareholder Proposals

We do not intend to present any other business for action at the Annual Meeting and do not know of any other business to be presented by others.

Pursuant to our bylaws, in order for business to be properly brought by a Shareholder before an Annual Meeting, our Secretary must receive, at our corporate office, written notice of the matter not less than 120 days prior to the first anniversary of the date our Proxy Statement was released to Shareholders in connection with the preceding year's Annual Meeting. We did not receive any such notices from our Shareholders for matters to be considered at the Annual Meeting.

Under Rule 14a-4 promulgated under the Securities Exchange Act of 1934, as amended, if a proponent of a proposal fails to notify us at least 45 days prior to the current year's anniversary of the date of mailing of the prior year's Proxy Statement, then we will be allowed to use our discretionary voting authority under Proxies solicited by us when the proposal is raised at the Annual Meeting, without any discussion of the matter in the Proxy Statement. We were not notified of any Shareholder proposals to be addressed at our Annual Meeting, and will therefore be allowed to use our discretionary voting authority if any Shareholder proposals are raised at the Annual Meeting.

The Compensation Committee is responsible for reviewing and recommending to the Board of Directors the compensation and benefits of our Chief Executive Officer and for approving the compensation and benefits of our other executive officers. In addition, the Compensation Committee sets our executive compensation guidelines and reviews, approves and evaluates our executive compensation plans, policies and programs. There are two major components to our executive compensation: base salary, as well as potential long-term compensation in the form of equity awards, which may include stock options and shares of restricted stock. The Compensation Committee considers the total current and potential long-term compensation of each executive officer in recommending and approving each element of compensation.

1. Base Salary. In recommending compensation levels for our Chief Executive Officer or setting compensation levels for our other executive officers, the Compensation Committee reviews competitive information relating to compensation levels for comparable positions at pharmaceutical and other life sciences companies. In addition, the Compensation Committee may, from time to time, hire compensation and benefit consultants to assist in developing and reviewing overall salary strategies. Individual executive officer base and potential bonus compensation may vary based on time in position, assessment of individual performance, salary relative to internal and external equity and critical nature of the position relative to our success.

2. Long-Term Incentives. Our 2005 Stock Incentive Plan provides for the grant of stock options, restricted stock awards and performance shares to qualified employees and officers. Equity awards, which may include stock options and restricted stock grants, are provided to our executive officers and other employees both as a reward for past individual and corporate performance and as an incentive for future performance. The Compensation Committee believes that stock-based performance compensation arrangements are essential in aligning the interests of management and the stockholders in enhancing the value of our equity.

2005 Compensation for the Chief Executive Officer. In recommending Mr. Allen's salary for 2006 for Board approval, the Compensation Committee considered competitive compensation data for chief executive officers and presidents of similar companies within the life sciences industry, taking into account Mr. Allen's experience and knowledge. Based upon this review, the Compensation Committee found that Mr. Allen's total compensation (and, in the case of severance and change-in-control scenarios, the potential payouts) in the aggregate to be reasonable and not excessive. Mr. Allen's annual salary for fiscal year May 31, 2006 was \$150,000, however due to our cash constraints, he was paid \$90,333 and the remainder has been accrued.

Section 162(m) of the Internal Revenue Code Limitations on Executive Compensation. Section 162(m) of the United States Internal Revenue Code of 1986, as amended, (the "Code") may limit our ability to deduct for United States federal income tax purposes compensation in excess of \$1,000,000 paid to the our Chief Executive Officer and our four other highest paid executive officers in

any one fiscal year. None of our executive officers received any such compensation in excess of this limit during fiscal 2006.

Section 162(m) of the Code places limits on the deductibility for United States federal income tax purposes of compensation paid to certain of our executive officers. In order to preserve our ability to deduct the compensation income associated with equity awards granted to such person, for the purposes of Section 162(m) of the Code, the 2005 Stock Incentive Plan provides that no employee may be granted, in any of one calendar year, options relating to more than 400,000 shares of common stock and restricted shares and performance shares relating to more than 100,000 shares of common stock. In addition, the 2005 Stock Incentive Plan provides that in connection with an employee's initial employment, the employee may be granted options relating to up to 800,000 shares of common stock and restricted shares and performance shares relating to up to 200,000 shares of common stock. To the extent grants under the 2005 Stock Incentive Plan are in excess of these limitations, such excess shall not be exempt from the deductibility limits of Section 162(m) of the Code.

Respectfully submitted,

APPROVAL OF PRIVATE PLACEMENT MEMORANDUM AND CAPITAL GROWTH
RESOURCES AS PLACEMENT AGENT TO RAISE \$3.25 MILLION IN CAPITAL

We intend to offer for sale Memorandum a minimum of 500,000 shares of our common stock and up to a maximum of 6,500,000 shares of common stock at a price of \$0.50 per share. The minimum investment is \$25,000.

The Shares would be sold in the U.S. through Capital Growth Resources, the Placement Agent, who has entered into a Private Placement Agreement with us, whereby the Placement Agent will be compensated with a cash commission of ten percent (10%) and a cash non-accountable expense fee of three percent (3%) of the purchase price of the Shares as well as warrants to purchase, at a strike price of \$0.50, 13% of the total number of Shares sold in the Offering, which will be exercisable for five years.

This Offering is limited to "accredited investors", as that term is defined under Regulation D as promulgated under the Securities Act of 1933, and will commence on the date of the Private Placement Memorandum and will terminate 180 days from the date of the Memorandum unless extended by us for an additional 90 days. Minimum Investment is 50,000 Shares.

The Shares will be issued as restricted securities. The Offering is being made initially solely to accredited investors pursuant to Regulation D, Rule 505, promulgated under the Securities Act of 1933. As a result, the Shares will be subject to restrictions on transfer and will be transferable only if they are registered or an exemption from registration is available. We may later amend the Offering to permit a limited number of non-accredited investors.

We will use our best efforts to register all of the Shares purchased in the Offering within sixty (60) days after the close of the Offering once a minimum of \$2,000,000 has been raised.

USE OF PROCEEDS

We expect to use the proceeds of the Offering substantially as follows and to apply the proceeds in the following order of priority:

	Minimum Proceeds	%	Maximum Proceeds	%
	-----	----	-----	----
Total Proceeds	\$250,000	100	\$3,250,000	100
Less:				
Commissions	25,000	10	325,000	10
Nonaccountable Expense Fee	7,500	3	97,500	3
Offering Expenses	20,000	8	20,000	0.6
 Total Offering Expenses	 52,500	 21	 442,500	 13.6
 Net Proceeds from Offering	 \$197,500	 79%	 \$2,807,500	 86.4%
 Use of Proceeds:	 allocation of net		 allocation of net	
Domestic and European patents	25,000		25,000	
Legal & accounting fees	32,000		88,000	
Registration of shares	0		40,000	
Repayment of debt	0		337,000	
Executive salaries	91,000		250,000	
Investor Relations	11,500		35,000

Working Capital	38,000		32,500	
 Total	 \$197,500		 \$2,807,500	

This is our best estimate of the allocation of the net proceeds from the Offering. If we receive the total proceeds from the Offering, we should have enough financing to be able to operate for about 12 months. The Board of Directors may decide to reallocate proceeds and priorities if the needs of our operations change.

Dilution

Dilution is the difference between the purchase price paid by the investors for their Stock and the net tangible book value of the securities after the Offering. The net tangible book value of a security is equal to our tangible net worth (tangible assets minus total liabilities) divided by the total number of shares of the security outstanding. Before the Offering, our tangible net worth

was \$(.05). The following table illustrates the dilution on a per share basis of our common stock, assumes the sale of all 6,500,000 Shares offered.

Investors' offering price per Share of common stock	\$0.50
Net tangible book value per Share of common stock prior to the Offering	\$(.05)
Increase to common stock's book value attributable to the sale of the Shares offered herein and exercise	\$0.20
Pro forma net tangible book value after the Offering	\$0.15
Dilution to the investors	\$0.15

Vote Required

Approval to increase the number of Shares authorized will require the affirmative vote of the holders of a majority of the Shares present in person or by Proxy Statement at the Annual Meeting and entitled to vote. Proxy Statements solicited by management for which no specific direction is included will be voted "for" the approval of the proposal.

Recommendation of the Board of Directors

OUR BOARD OF DIRECTORS RECOMMENDS A VOTE "FOR" THE TERMS OF A PRIVATE PLACEMENT OF \$3.25 MILLION FOR 6.5 MILLION SHARES OF OUR COMMON STOCK AT A PRICE OF \$.50 PER SHARE AND THE TERMS OF OUR AGREEMENT WITH PLACEMENT AGENT CAPITAL GROWTH RESOURCES FOR THIS PRIVATE PLACEMENT.

PROPOSAL NO. 4

APPROVAL OF FIRST AMENDMENT AND RESTATEMENT OF THE 2005 STOCK INCENTIVE PLAN

Introduction

The 2005 Stock Incentive Plan, as amended (the "2005 Plan"), was originally approved by our Board of Directors in October 2005 and by our stockholders in January 2006. In September 2006, our Board of Directors approved, subject to and effective upon stockholder approval, the First Amendment and Restatement of the 2005 Stock Incentive Plan (the "First Amended 2005 Plan"). The First Amended 2005 Plan proposes to increase the shares of our common stock available under the 2005 Plan by 1,000,000 shares or from 1,800,000 to 2,800,000 shares.

As of the Record Date, 565,878 shares of our common stock remained available for equity awards under the 2005 Plan. We believe that equity awards under our 2005 Plan are a key component to our ability to attract and retain qualified employees, directors and consultants and that the proposed increase in shares under the First Amended 2005 Plan is needed to continue to provide us with the ability to attract and retain qualified employees, non-employee directors and other service providers. If the First Amended 2005 Plan is approved by the stockholders, then it will be effective as of the date of the Annual Meeting. Otherwise, the 2005 Plan, as amended, will remain in effect in its current form, subject to amendment from time to time as provided therein.

A summary of the First Amended 2005 Plan is set forth below. The summary is qualified in its entirety by reference to the full text of the First Amended 2005 Plan which is attached as Appendix B to this Proxy Statement.

Description of the First Amended 2005 Plan

General. The purpose of the First Amended 2005 Plan is to enable us to attract, retain and motivate our employees and consultants, as well as our non-employee directors, by providing for or increasing the proprietary interests of such employees, consultants or non-employee directors in CytoDyn, Inc. The maximum number of shares of common stock that may be issued pursuant to awards under the 2005 Plan is currently 1,800,000. It is proposed that, through the adoption of the First Amended 2005 Plan, the maximum number of shares of common stock that may be issued pursuant to awards under the 2005 Plan be increased by 1,000,000 shares, or from 1,800,000 to 2,800,000 shares. The above increases in the number of authorized shares is the only proposed changes in the First Amended 2005 Plan to the 2005 Plan currently in effect.

Shares Reserved for Issuance. Stockholder approval of the First Amended 2005 Plan will authorize us to grant options and/or rights to purchase or otherwise acquire up to an additional 1,000,000 shares, or an aggregate of 2,800,000 shares of common stock.

In the event that all or any portion of any option, restricted stock or performance shares granted or offered under the First Amended 2005 Plan can no longer under any circumstances be exercised or, with respect to restricted stock or performance shares solely, is reacquired by us, the shares of common stock allocable to the unexercised portion of such option or such stock purchase agreement, or, with respect to restricted stock or performance shares solely, the shares so reacquired, will become available for grant or issuance under the First Amended 2005 Plan. Additionally, the number of shares available for issuance under the First Amended 2005 Plan will be subject to adjustment in the event of stock splits, stock dividends or certain other similar changes in our capital structure.

Administration. The 2005 Stock Incentive Plan is to be administered by an "Administrator," which, under the 2005 Stock Incentive Plan, shall be either the Board of Directors or a committee appointed by the Board of Directors. Subject to the provisions of the 2005 Stock Incentive Plan, the Administrator has full authority to implement, administer and make all determinations necessary under the 2005 Stock Incentive Plan.

The Board of Directors may from time to time alter, amend, suspend or terminate the 2005 Stock Incentive Plan in such respects as the Board of Directors may deem advisable; provided, however, that no such alteration, amendment, suspension or termination shall be made that would substantially affect or impair the rights of any person under any option granted to such person without his or her consent.

Eligibility. The 2005 Stock Incentive Plan provides that awards may be granted to employees, officers, directors, consultants, independent contractors and advisors of CytoDyn or of any parent or subsidiary corporation of CytoDyn, whether now existing or hereafter created or acquired (an "Affiliated Company"), as may be determined by the Administrator. In no event may any employee be granted options under the 2005 Stock Incentive Plan for more than 800,000 shares of our common stock in any one calendar year.

Terms of Stock Options. As discussed above, the Administrator determines many of the terms and conditions of awards granted under the 2005 Stock Incentive Plan, including whether an option will be an "incentive stock option" (ISO) or a "non-qualified stock option" (NQSO). Each option is evidenced by any agreement in such form as the Administrator approves and is subject to the following conditions (as described in further detail in the 2005 Stock Incentive Plan):

- o Vesting and Exercisability: Options become vested and exercisable, as applicable, within such periods as determined by the Administrator and as set forth in the related stock option agreement, provided that options must expire no later than ten years from the date of grant (or five years with respect to ISOs granted to optionees who own more than 10% of the outstanding common stock). Option agreements may also provide that options shall become vested upon the achievement of certain performance goals, as determined by the Administrator.
- o Exercise Price: The exercise price must be at least 100% of the fair market value of a share of common stock at the time such option is granted, provided that the exercise price of any ISO granted to an optionee that owns more than 10% of the outstanding common stock shall not be less than 110% of the fair market value of a share of common stock at the time of grant.
- o Method of Exercise: Payment of the exercise price may be made, in the discretion of the Administrator, in cash, by check, by delivery of shares of our common stock, through a broker-assisted "cashless exercise," or any combination of the foregoing methods of payment or any other consideration or method of payment as shall be permitted by applicable corporate law.
- o Termination of Service: Options cease vesting on the date of termination of service or the death or disability of the optionee, unless provided otherwise in the applicable option agreement or unless otherwise determined by the Administrator. Under applicable law, ISOs granted under the 2005 Stock Incentive Plan generally expire no later than three months after the termination of the optionee's service, except in the case of death or disability, in which case the awards generally may be exercised up to 12 months following the date of death or termination of service due to disability.

- o Change of Control: In the event of a change in control of CytoDyn (as defined in the 2005 Stock Incentive Plan), the Administrator may at its discretion provide for vesting arrangements in option agreements, including arrangements which provide for full acceleration of vesting upon a change in control whether or not the acquiring entity agrees to assume or substitute for existing options in such change in control.

- o Additional Restrictions. No ISOs may be granted to an optionee under the 2005 Stock Incentive Plan if the aggregate fair market value (determined at the time of grant) of the stock with respect to which ISOs first become exercisable by such optionee in any calendar year under our stock option plans and any Affiliated Company exceeds \$100,000. To the extent an ISO exceeds this \$100,000 limit, that portion of the option in excess of such limitation shall be treated as an NQSO. Options are nontransferable, other than by will and the laws of descent and distribution or in any manner permitted by the Administrator that is not prohibited by the Code.

Summary of Federal Income Tax Consequences of the 2005 Stock Incentive Plan

The following is a brief summary of certain federal income tax consequences of participation in the 2005 Stock Incentive Plan. The summary should not be relied upon as being a complete statement of all possible federal income tax consequences. Federal tax laws are complex and subject to change. Participation in the 2005 Stock Incentive Plan may also have consequences under state and local tax laws which vary from the federal tax consequences described below. For such reasons, we recommend that each participant consult his or her personal tax advisor to determine the specific tax consequences applicable to him or her.

Incentive Stock Options. No taxable income will be recognized by an optionee under the 2005 Stock Incentive Plan upon either the grant or the exercise of an ISO. Instead, a taxable event will occur upon the sale or other disposition of the shares acquired upon exercise of an ISO, and the tax treatment of the gain or loss realized will depend upon how long the shares were held before their sale or disposition. If a sale or other disposition of the shares received upon the exercise of an ISO occurs more than (i) one year after the date of exercise of the option and (ii) two years after the date of grant of the option, the holder will recognize long-term capital gain or loss at the time of sale equal to the full amount of the difference between the proceeds realized and the exercise price paid. However, a sale, exchange, gift or other transfer of legal title of such stock (other than certain transfers upon the optionee's death) before the expiration of either of the one-year or two-year periods described above will constitute a "disqualifying disposition." A disqualifying disposition involving a sale or exchange will result in ordinary income to the optionee in an amount equal to the lesser of (i) the fair market value of the stock on the date of exercise minus the exercise price or (ii) the amount realized on disposition minus the exercise price. If the amount realized in a disqualifying disposition exceeds the fair market value of the stock on the date of exercise, the gain realized in excess of the amount taxed as ordinary income as indicated above will be taxed as capital gain. A disqualifying disposition as a result of a gift will result in ordinary income to the optionee in an amount equal to the difference between the exercise price and the fair market value of the stock on the date of exercise. Any loss realized upon a disqualifying disposition will be treated as a capital loss. Capital gains and losses resulting from disqualifying dispositions will be treated as long-term or short-term depending upon whether the shares were held for more or less than the applicable statutory holding period (which currently is more than one year for long-term capital gains). We will be entitled to a tax deduction in an amount equal to the ordinary income recognized by the optionee as a result of a disposition of the shares received upon exercise of an ISO.

The exercise of an ISO may result in an "adjustment" for purposes of the "alternative minimum tax." Alternative minimum tax is imposed on an individual's income only if the amount of the alternative minimum tax exceeds the individual's regular tax for the year. For purposes of computing alternative minimum tax, the excess of the fair market value on the date of exercise of the shares received on exercise of an ISO over the exercise price paid is included in alternative minimum taxable income in the year the option is exercised. An optionee who is subject to alternative minimum tax in the year of exercise of an ISO may claim as a credit against the optionee's regular tax liability in future years the amount of alternative minimum tax paid which is attributable to the exercise of the ISO. This credit is available in the first year following the year of exercise in which the optionee has regular tax liability.

Non-qualified Stock Options. No taxable income is recognized by an optionee

upon the grant of a NQSO under the 2005 Stock Incentive Plan. Upon exercise, however, the optionee will recognize ordinary income in the amount by which the fair market value of the shares purchased, on the date of exercise, exceeds the

exercise price paid for such shares. The income recognized by the optionee who is an employee will be subject to income tax withholding by CytoDyn out of the optionee's current compensation. If such compensation is insufficient to pay the taxes due, the optionee will be required to make a direct payment to us for the balance of the tax withholding obligation. We will be entitled to a tax deduction equal to the amount of ordinary income recognized by the optionee, provided that certain reporting requirements are satisfied. If the exercise price of a NQSO is paid by the optionee in cash, the tax basis of the shares acquired will be equal to the cash paid plus the amount of income recognized by the optionee as a result of such exercise. If the exercise price is paid by delivering shares of our common stock already owned by the optionee or by a combination of cash and already-owned shares, there will be no current taxable gain or loss recognized by the optionee on the already-owned shares exchanged (however, the optionee will nevertheless recognize ordinary income to the extent that the fair market value of the shares purchased on the date of exercise exceeds the price paid, as described above). The new shares received by the optionee, up to the number of the old shares exchanged, will have the same tax basis and holding period as the optionee's basis and holding period in the old shares. The balance of the new shares received will have a tax basis equal to any cash paid by the optionee plus the amount of income recognized by the optionee as a result of such exercise, and will have a holding period commencing with the date of exercise. Upon the sale or disposition of shares acquired pursuant to the exercise of a NQSO, the difference between the proceeds realized and the optionee's basis in the shares will be a capital gain or loss and will be treated as long-term capital gain or loss if the shares have been held for more than the applicable statutory holding period (which is currently more than one year for long-term capital gains).

Tax Withholding. Under the 2005 Stock Incentive Plan, we have the power to withhold, or require a participant to remit to us, an amount sufficient to satisfy Federal, state and local withholding tax requirements with respect to any award granted under the 2005 Stock Incentive Plan. To the extent permissible under applicable tax, securities, and other laws, the Administrator may, in its sole discretion, permit a participant to satisfy an obligation to pay any tax to any governmental entity in respect of any option up to an amount determined on the basis of the highest marginal tax rate applicable to such participant, in whole or in part, by (i) directing us to apply shares of common stock to which the participant is entitled as a result of the exercise of an option, or (ii) delivering to us shares of common stock owned by the participant.
